

BENCHMARK BILINGUAL MATERIALS DELIVERY NOTES

This packet contains all the information you need to process the incoming Bilingual ELA adoption materials that are coming to your campus this week. Page 2 is a pictorial to assist you with locating and applying the asset tag we are sending you.

Asset tags will come to you in a manilla envelope labelled with your campus number, followed by “benchmark asset tags” in the next day or so.

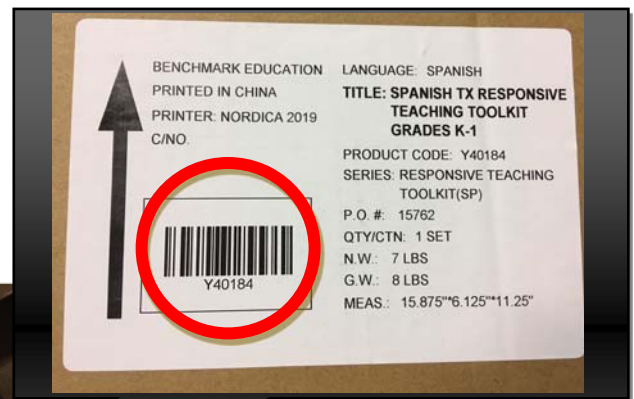

When you receive your pallets, please locate the TWO packing list envelopes. They should both be attached to the same pallet, close to each other. One is a basic packing list from the vendor, the other contains the TIPWeb pick ticket, which once you verify your order, will need to be received on within the TIPWeb application.

Any issues, questions or comments should come to me via my mobile number:

817-615-0716

Example of a Kinder/First Benchmark bilingual Teacher resource kit. Note the red Texas sticker and the item number label. This is the box you need to locate and open. Each grade level will have at least one of these boxes. Asset tags are in labelled manilla envelope. Tag counts should match number of boxes found.
